### WEB DEVELOPMENT PROJECTS

#### NAME BICYCLE MARKETPLACE

Description: An Amazon esque app designed specifically for bicycles. I hope to add more categories in the future.

+ **Your Role:** Lead Developer

+ **Built using:** Angular, Express, Node.js, MongoDB, Skeleton and Payment Processing Api

#### NAME THE WALL

Description: I designed and built a replica of Facebook's wall. This app is equipped with messaging, liking, and commenting features.

+ **Your Role:** Lead Developer

+ **Built using:** Python, Django, Skeleton, and MySQL

**PROJECTS AVAILABLE ON MY PORTFOLIO** – URL: <https://jarodbibb.github.io> (site still under construction)

### PROFESSIONAL EXPERIENCE

**MANAGER** at Brinker International

Mountain View, Ca • 06/15 through 10/17

- + Developed an employee schedule that beat the labor plan. Beat plan by 340 hours for the financial year of 2015-2016
- + While in charge of hiring, training, scheduling, and developing employees, guest surveys reported a 12 percent increase in satisfaction scores in 2015-2016. The raise in guest satisfaction or intent to return led to increased sales, the only store in the area that beat their sales plan.
- + Lead the area in KPIs during the 3rd and 4th quarter and finished 2nd overall in 2016.

### EDUCATION

**CODING DOJO** - San Jose, CA

Certificate of Completion – Full Stack Web Developer

- + An immersive web development bootcamp specializing in front-end fundamentals as well as three full stacks: Python, MEAN and Ruby. Dedicated over 1200+ hours of coding experience, including the ability to deploy a full website from client to server to database while acquiring the knowledge and skills for full stack web development

**SAN JOSE STATE UNIVERSITY** - San Jose, CA

Bachelor of Arts Degrees - Sociology and Behavioral Science
